

In this 4-H Environmental Program, youth will explore the natural world through hands-on activities that foster an understanding of ecosystems, conservation, and sustainability.

What types of programs will there be?

- Nature hikes
- Astronomy
- Wildlife Observation
- Tree and Birding Experiences
- And MUCH MORE!

While learning about topics like climate change, renewable energy, and habitat preservation youth will develop the skills and knowledge to become responsible stewards of the environment and make a positive impact on their communities

Free Program

April 12, 2025 @ 10am

Celebrate Earth Day with local geologist Kenneth Daubert at the Education Center & 4-H Park in Otisville

4-H Youth Development programs use experiential learning to help youth gain life skills and positive outcomes in four areas:

- Mastery of subject matter interests
- Belonging to groups of positive peers and adults
- Independence from confidence gained and
- Generosity as they contribute to their communities
