Future Plans:

For the month of March, the "StarBooks Challenge" campaign did very well. This interactive program encouraged patrons to complete 8 different tasks at the library, helping them explore and familiarize themselves with the library's offerings. It fostered greater community connection and awareness of the library's valuable services. We had a total of 38 participants.

My plan for the month of April is "Find Your Peeps @The Library". This April, we're inviting our patrons to Find their Peeps at the Goshen Public Library! It's all about celebrating both individuality and inclusivity. Whether you're a bookworm, a history buff, or a lover of creative crafts, there's a space for you here to connect, explore, and be yourself. Throughout the month, we'll be hosting events, book clubs, and programs designed to help you meet people who share your passions—and maybe even discover new ones. This is a unique opportunity to embrace your individuality, while finding your

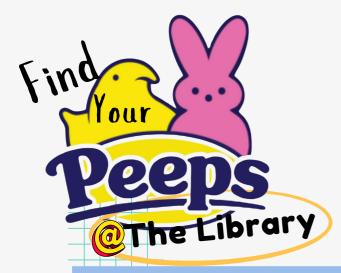

community of like-minded individuals. see how you can connect with others who appreciate what makes you, you.

We want to hear from YOU! Come to the library and express your peepsonality! Let us know what you're looking for, what sparks your interest, and what makes you unique. Fill out a Peepsonality Profile and share a little bit about who you are, your favorite books, hobbies, or anything else that helps us understand your personal style. Your profile will help us tailor events and resources that best suit your interests, and who knows—you might just discover new activities or people who share your passions. <u>Memorandum</u>

<u>To: Board of Trustees</u> <u>From: Amber Kirkwood, Head of Programming and Community Engagement</u> <u>Re: March 2025 Monthly Report</u>

Children Programming:

March was the official end of Gaming at Goshen, our theme for Winter season. With Spring officially in the air, planning for next season, "Find Your Peeps at the Library" was in full swing. The kid's room is decorated with Peeps, a sugary Easter favorite and all programs are centered around inclusion and finding friends at the library with similar interests. This month, in collaboration with Amy Gargiulo, the school librarian at Scotchtown Elementary, we planned a massive 6 day School Tour. Each day, half of a grade, K-2nd, came to the library for a tour and some fun. Karen helped tremendously with planning a perfect flow of the entire visit. She did the actual tour, starting in the Adult Department, headed outside through the patio so kids could see the meadow, and upstairs to the Kids Department. Lynn had a very fun Bingo, and when we were a little strapped on time, read a library themed story. Myself and Amy took lead of the craft portion in the Community Room, making bookmarks to take home and decorating Peeps that are all around the Just for Kids room. Krystal also helped with the crafting portion when I was unable to attend. We had 505 students total and they all seemed to have a great time. Several kids have already come back to find and show their families their decorated Peep and to check out some books. I am very grateful to the Children's Department for how smoothly the tour went in planning and execution. A special thanks to Rosa, Clarisa and Krystal for wo-manning the front desk with upmost friendliness.

The 2nd week of April starts up Spring Programming which will last 5 weeks and end mid May. The Children's Department will have a lot of continuing favorites, like daily Storytimes. Lynn has her STEM program on Mondays which this season is called Chillin' with my Peeps. Kathy's Tunes and Tales proved to be super successful as well as Clarisa's Pokemon themed program and will continue. Krystal is now leading the Friday afternoon program, renamed Boredom Busters. Rosa is starting up her Sensory and Bilingual Storytimes, Karen has her monthly Fetching Reads programs, and I have my Wednesday Specials. We're looking forward to Spring Break the week of April 14th and having cool drop in activities daily between 1 and 3PM. There are also several passive programs like a Bingo Reading Challenge and kids being able to create and add poems to our Poet-Tree for National Poetry Month.

Adult Programming

Book Clubs, Wellness Wednesdays and Mahjong continue to bring in a steady number of patrons. It's nice to see a consistent pattern with weekly/monthly programming and giving a safe and fun space for people to come together with similar interests. For specials, I ended the month with a dance class were patrons learned Line Dancing. Sadly, I was unable to attend that program due to other programs scheduled for earlier in the day but I spoke with a few attendees afterward and they said they had a good time and look forward to learning other dances in the future. Murder at the Manor was a huge success with 34 mystery buffs attending. The performers did a great job and patrons had fun trying to figure out who killed Mr. Rhino. I hope to have them back in the future, maybe for a Halloween themed Murder Mystery. On a wonderfully positive note, I was asked by a patron afterward what my next big event was, as he also attended the PreGame Kickoff back in February and had a good time. I'm grateful for such favorable feedback from patrons and staff about the programming I've had thus far, it means a lot.

I've got a lot of fun things planned for April as it kicks off our official Spring season. I'm working with Carl Lofaro with VA Hudson Valley and Christian Farrell, the Director of VA Goshen with having a biweekly Veteran coffee and chat program called Salute and Sip. If well attended, this will be monthly programs offering a safe space with snacks and resources to help local Veterans. I have a couple crafting programs with highly skilled artists, Christine Adams and Carlise Azmitia and an Orchid Care program with the well respected and library regular, Peter Lai.

<u>1-on-1 tech help sessions:</u> 2 <u>Total public PC users:</u> 496 <u>Total time patrons spent on public PCs:</u> 336 hours 55 minutes <u>Average PC session length:</u> 40.8 minutes (up from 38 minutes in February) <u>Total monthly Wi-Fi users:</u> 6,241 (up from 5,268 in February) <u>Average Wi-Fi users per day:</u> 201.3 (up from 178.97 in February)

The switch from staff emails being split between Google and RCLS/Microsoft to only using RCLS/Microsoft is underway. As things stand, everyone has been assigned an rcls.org email address and has started using it. There are still minor roadblocks from the many accounts users have that are registered with their goshenpubliclibrary.org addresses and some employees who have trouble with the newly required two-factor authentication, but the transition is going as smoothly as can be expected and we should be able to sunset the Google accounts soon.

Our website development is continuing, and we aim to have our new website online by May. I have been working with the local history department to ensure that the documents that didn't get transferred to our previous website will be carried over to the next site.

Assemblyman Maher's office reached out looking to tour the tech lab that the library received grant funding for in 2023. We have set a date for August 12, and we must get our tech lab open before then. I fully expect that we will be able to meet this goal. I have started practicing to use the Cricut Maker and Autopress in preparation for the opening of the tech lab where we will be instructing patrons with how to use those machines.

Memorandum To: Board of Trustees From: Ruth Mallard, Adult Services Date: April 1, 2025 Re: Adult Services Department March 2025 report

The Adult Services Staff assisted with 689 burning questions our patrons had. If someone had an interest in self-publishing, personal finance, learning to crochet, learning a new language, history, preparing for a test for career advancement or health, we were able to assist them in their information quest. Some requests that come across the desk allow us to share some of the valuable electronic resources and databases the Library has access to. For those looking to learn a language, there is Mango Languages with courses for over 70 languages from Arabic to Yiddish, as well as a number of ESL options. If someone is looking for help in math, writing or test prep, the Library provides access to Tutor.com, where patrons can connect with a live tutor for help on numerous subjects including math, writing, science, history and civics, from elementary to college levels.

Our digital collections continue to see tremendously high use. 2024 saw a 20% increase in digital circulation over the previous year, and it continues to grow. March saw record level use of both Libby and Hoopla.

March saw the start of a new project in organizing the DVD collection. While many have switched to streaming, those services don't offer everything, and many cannot afford to juggle multiple subscriptions. The Library is still here to fill the void, and to aid our patrons in browsing, the television series DVDs are being labeled. This is just the first step in more comprehensive plan to freshen up the collection.

March was the first full month of using LibCal for study room reservations. This allows Goshen cardholders to make their own reservations online, although many still ask the Reference Desk to make the reservation. There were 164 study room bookings in March adding up to 263 hours of use. That means the study rooms were occupied for 10 days and 23 hours.

Ann M. Roche Head of Local History Memorandum To: Board of Trustees From: Karen Golding, Head of Children's and Young Adult Services Date: March 31, 2025 Re: Children's/Young Adult Department March 2025 report

Young Adult Programming continued this month with our regular monthly tabletop games program, our monthly craft program and a snack food challenge program. Our gamers chose to play Abducktion!, which is a strategy game requiring planning and some math skills. Everyone had fun trying to outwit each other. For our craft this month we made agamographs, which are folded pictures that look different from different angles. This is an interesting craft which allows for an endless amount of creativity. Our snack food challenge was also a hit and everyone enjoyed trying different flavors of chips, pretzels and crackers. Cheese and barbeque were favorites while pickle and salt & vinegar were less well liked.

Our young adult book display this month focused on female authors in recognition of Women's History Month. We displayed a variety of books by female authors and made a special effort to include books with strong female characters. It seemed to be well received overall. In other book news, the latest installment of *The Hunger Games* series was released this month. *Sunrise on the Reaping* is a prequel to *The Hunger Games* focusing on the origin story of one of the characters from the original book. Patrons were eagerly awaiting this book and it went out immediately upon its arrival.

This month I gave a presentation at the NYS 2025 Virtual Summer Reading Workshop for Teens about our summer volunteer program. During my presentation I spoke about the origins of the program, how it is planned and executed and the benefits of the program for both the library and the volunteers. Our volunteer program is very successful and during the summer we typically have between 75-120 volunteers working with us. It provides us with the help that we need to have a successful summer reading program for the children of Goshen and it provides the volunteers with needed hours and enhances their skills in working with people. We are incredibly proud of how we have built this program and how beneficial it has become for the library and for the students in Goshen.
